# Timesheets

.....

## Timesheet and expenses basics

### Statuses of timesheets and expense claims explained:

- All Missing: Timesheets that should be received during a specified date range but have not yet been created.
- Draft: Saved but not yet submitted. There are no draft expenses.
- Submitted: Created and submitted for approval. Submitted timesheets and expenses cannot be modified so please ensure the details are correct before submitting.
- Approved: Approved by your manager for payment.
- Rejected: Rejected by your manager. This is usually because of incorrect hours or expense lines. The manager may have provided a comment as to why the timesheet or expenses was rejected. Once rejected, the timesheet becomes a draft for editing and resubmitting. Expenses can be edited via the expenses Rejected menu option.

## Entering your timesheet

To begin, hover over Timesheets from the main menu bar at the top of the screen and select **Create**.

You will then be prompted to select the placement from the drop-down box to enter time against, as well as the week ending date. You can use the provided calendar popup to help you select the correct date.

The screenshot shows a web application interface for entering a timesheet. At the top, there is a green navigation bar with icons for Timesheets, Expenses, Pay, Compliance, and Profiles. Below this, the main content area is titled "Timesheet".

Under the "SELECT PLACEMENT" section, there is a "Placement" dropdown menu currently showing "PAYE\_DAY\_1 (TMP (UK) Limited) - Paye Worker - Java Developer". To the right, there is a "Timesheet Period" section with a calendar popup for March 2017. The calendar shows days from 1 to 31, with a "Paid" status indicated for the 27th, 28th, 29th, and 30th.

Below the placement and calendar, there is a "PLACEMENT INFORMATION" section with the following details:

Ref Code:	PAYE_Email_App
Job Title:	Java Developer
Job Description:	
Date Placed:	09/05/2013
Start Date:	01/01/2013

At the bottom right of the placement information, there is a "Client:" field with the value "TMP (UK) Limited". Below it, there are fields for "Manager:" (Client Manager) and "Consultant:" (Team Leader). There is also an "Alternative Managers:" field.

# Invoices

## Uploading your invoice!

Instead of sending your invoices to us by email, we would like to invite you to upload them against your timesheet via the In-Time portal! Please note we can still accept invoices via email for now if this is your preference.

Use the filters to search for advice notes waiting for you to create an invoice against. For example, by leaving the filters at their defaults and selecting **Search**, the system will return all advice notes; or you could search for just the advice notes that do not have an uploaded invoice against them by selecting **Supplier Invoice** status: Not Uploaded.

In the list of advice notes, scroll along until you see the invoice document column click **Upload** to upload an invoice to match the advice note.

- In the Your Invoice Date field, set the date of your invoice.
- The Net field is prep-populated with the amount from the advice note.
- The Sales Tax Code field is pre-populated with the information from the placement.
- The Sales Tax Amount is pre-populated based on the Net and Sales Tax Code fields.
